

ABC (rotate)

A diagram illustrating a rotation transformation. A red line is drawn at an angle, sloping downwards from left to right. The text "ABC (rotate)" is written in blue, following the slope of the line. The letters "ABC" are positioned at the top of the line, and "(rotate)" is positioned at the bottom, indicating the transformation applied to the original text.

ABC (scale)

A diagram illustrating a scaling transformation. A red line is drawn horizontally, sloping slightly upwards from left to right. The text "ABC (scale)" is written in blue, following the slope of the line. The letters "ABC" are positioned at the top of the line, and "(scale)" is positioned at the bottom, indicating the transformation applied to the original text.
